# Drum Machine Manual

1. Set Bpm (beats per minute) value.

2.Choose the drum (KD- kick drum, SD - snare drum, HC — hi-hat closed, PRC — percussion).

3.Start/Play buttons. Banana starts sequence playback, broccoli stops it.

4. Change the sequence. Check toggle button for a drum to be played at its step. Left upper toggle button is step 1, bottom right is step 16.
